FORM ADV PART 2 BROCHURE

This brochure provides information about the qualifications and business practices of Wealth Management Resources, Inc. If you have any questions about the contents of this brochure, please contact us at 401-356-1400 or via e-mail at kworthley@wealthmanagers.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Wealth Management Resources, Inc. is also available on the SEC's website at www.adviserinfo.sec.gov. The searchable IARD/CRD number for Wealth Management Resources, Inc. is 45452.

Wealth Management Resources, Inc. is a Registered Investment Adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Item 2 Summary of Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Since our last annual updating amendment, dated February 20, 2020, we are advising you that we have moved our office and our new address is 28 Cedar Swamp Road, Suite One, Smithfield, Rhode Island 02917.

Additionally, we are advising we do not charge advisory fees for individual common stock, individual bonds or other such securities held in a client's account at their direction.

Also, we primarily offer advice on mutual funds, exchange traded funds, and equities. However, we may advise you on any type of investment that we deem appropriate based on your stated goals and objectives. We may also provide advice on any type of investment held in your portfolio at the inception of our advisory relationship.

Item 4 Advisory Business

Description of Services and Fees

We are a registered investment adviser based in Smithfield, Rhode Island. We are organized as a corporation under the laws of the State of Rhode Island and we have been providing investment advisory services since 1994. Arthur Everly, Kevin Worthley, Scott Everly, and Alexander Medici are our principal owners. Currently, we offer Portfolio Management Services through the Custom Account Program, the Schwab Institutional Intelligent Portfolios™ Program and through a third party adviser, SEI Investment Management Corporation, as well as financial planning services, 529 College Savings Plan Asset Allocation Services, 401(k) Plan Advisory Services and seminars. We are also registered as an insurance agency in the State of Rhode Island and Massachusetts and a registered broker-dealer member of the Financial Industry Regulatory Authority, Inc. ("FINRA").

The following paragraphs describe our fees and services. Please refer to the description of each investment advisory service listed below for information on how we tailor advisory services to your individual needs. You may see the term Associated Person throughout this Brochure. As used in this Brochure, our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm.

Financial Planning Services

We offer broad-based, modular, and consultative financial planning services. Financial planning will typically involve providing a variety of advisory services to clients regarding the management of their financial resources based upon an analysis of their individual needs. If you retain our firm for financial planning services, we will meet with you to gather information about your financial circumstances and objectives. Once we review and analyze the information you provide to our firm, we will deliver a written and/or online plan to you, designed to help you achieve your stated financial goals and objectives.

If you require advice on a single aspect of the management of your financial resources, we offer financial plans in a modular format and/or general consulting services that address only those specific areas of concern. These areas may include, but are not limited to, retirement planning, education planning, insurance and risk management, income tax planning, business planning, portfolio review and asset allocation, and/or financial decision making/negotiation.

Financial plans are based on your financial situation at the time we present the plan to you, and on the financial information you provide to our firm. You must promptly notify our firm if your financial situation, goals, objectives, or needs change.

You are under no obligation to act on our financial planning recommendations. Should you choose to act on any of our recommendations, you are not obligated to implement the financial plan with us, or use any of the other financial services or products we offer. Moreover, you may act on our recommendations through any other brokerage firm, investment advisor, or provider of investment or insurance products, or other financial services.

We are compensated by either an hourly rate of \$200 or by a fixed fee, which generally ranges between \$250 and \$3,000. The type and amount of the fees charged to you, subject to negotiation, will be based on your financial situation and the services requested. An estimate of the total cost will be determined at the start of the advisory relationship. The final fee shall be directly dependent upon the

facts and circumstances of your financial situation and the complexity of the financial plan or service(s) requested. In limited circumstances, the cost/time could potentially exceed the initial estimate. In such cases, we will notify you and may request that you pay an additional fee.

We will require that you pay an initial retainer equal to one-half of the estimated financial planning fees in advance of any services rendered. The remaining balance shall be due and payable upon completion of the contracted services. Under no circumstances will we require prepayment of a fee more than six months in advance and in excess of \$1200.

We may, in our discretion; offset up to one-half of the financial planning fees should you choose to implement the investment management recommendations through us. We reserve the right to determine whether the financial planning fees will be offset by the fees and/or commissions earned in the implementation process. Where we determine that we will offset fees, the scope and complexity of the financial planning services that were provided will determine the offset of the fee.

Upon the initial presentation of a written financial plan to you, our objective is that you are satisfied with the plan as it is delivered. However, it may be the case that you are not satisfied with the plan upon initial presentation and, under this circumstance, we will amend the plan as needed at no additional charge to you. You may terminate the financial planning agreement by providing written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the agreement. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

Portfolio Management Services Custom Account Program

We offer discretionary portfolio management services using our Custom Account Program ("Custom Account") whereby our investment advice is tailored to meet your needs and investment objectives. If you retain our firm for portfolio management services, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information (the "suitability information") at the beginning of our advisory relationship. We will use the suitability information we gather to develop a strategy that enables our firm to give you continuous and focused investment advice and to make investments on your behalf. As part of our portfolio management services, we may customize an investment portfolio for you in accordance with your risk tolerance and investing objectives. We may also invest your assets according to one or more model portfolios developed by our firm. Once we construct an investment portfolio for you, or select a model portfolio, we will monitor your portfolio's performance on an ongoing basis, and will rebalance the portfolio as required by changes in market conditions and in your financial circumstances.

In the Custom Account we invest your assets in mutual funds and or exchange-traded funds (ETFs) only and such portfolios are comprised of a mix of asset classes which may be based on one or more model portfolios. However, you may wish to transact in other types of securities, such as equities and fixed-income securities, through this account. Under this circumstance, we will invest in these types of securities only upon specific direction from you. Moreover, choosing to purchase/sell these types of securities in the Custom Account may cause the portfolio's percentage weightings in certain assets classes to be over- or under-weighted. As a result, you may be exposed to more (or less) risk and may experience larger (or smaller) performance returns in your account.

If you participate in our discretionary portfolio management services, we require you to grant our firm discretionary authority to manage your account. Discretionary authorization will allow our firm to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. Discretionary authority is typically granted by

the investment advisory agreement you sign with our firm, a power of attorney, or trading authorization forms. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased for your account) by providing our firm with your restrictions and guidelines in writing.

For accounts under \$15,000 in value, we may recommend one of our Custom ETF model portfolios. These models are designed to achieve the client's stated investment objectives but with lesser-expense ETF investments and more flexibility in rebalancing strategies. Other than the investment components of these models, all other aspects of the Custom Account Program remain the same.

Our fee for portfolio management services is based on a percentage of your assets we manage and is set forth in the following fee schedule:

Assets Under Management	Maximum Annualized Fee**
Assets less than or equal to \$500,000	1.00%
Next \$1,000,000	0.67%
Over \$1,500,000	0.33%

Institutional Intelligent Portfolios™ Program

WMR also provides portfolio management services through Institutional Intelligent Portfolios™, an automated, online investment management platform for use by independent investment advisors and sponsored by Schwab Wealth Investment Advisory, Inc. (the "Program" and "SWIA," respectively). Through the Program, WMR offers clients a range of investment strategies we have constructed and manage, each consisting of a portfolio of exchange traded funds (ETFs) and a cash allocation. The client may instruct us to exclude up to three ETFs from their portfolio. The client's portfolio is held in a brokerage account opened by the client at SWIA's affiliate, Charles Schwab & Co., Inc. ("CS&Co"). We are independent of and not owned by, affiliated with, or sponsored or supervised by SWIA, CS&Co or their affiliates (together, "Schwab"). The Program is described in the Schwab Wealth Investment Advisory, Inc. Institutional Intelligent Portfolios™ Disclosure Brochure (the "Program Disclosure Brochure"), which is delivered to clients by SWIA during the online enrollment process.

WMR, and not Schwab, is the client's investment advisor and primary point of contact with respect to the Program. WMR is solely responsible, and Schwab is not responsible, for determining the appropriateness of the Program for the client, choosing a suitable investment strategy and portfolio for the client's investment needs and goals, and managing that portfolio on an ongoing basis. SWIA's role is limited to delivering the Program Disclosure Brochure to clients and administering the Program so that it operates as described in the Program Disclosure Brochure.

WMR has contracted with SWIA to provide us with the technology platform and related trading and account management services for the Program. This platform enables us to make the Program available to clients online and includes a system that automates certain key parts of our investment process (the "System"). The System includes an online questionnaire that helps us determine the client's investment objectives and risk tolerance and select an appropriate investment strategy and portfolio. Clients should note that we will recommend a portfolio via the System in response to the client's answers to the online questionnaire. The client may then indicate an interest in a portfolio that is one level less or more conservative or aggressive than the recommended portfolio, but we then make the final decision and select a portfolio based on all the information we have about the client. The System also includes an automated investment engine through which we manage the client's portfolio on an ongoing basis through automatic rebalancing and tax-loss harvesting (if the client is eligible and elects).

WMR does not receive a portion of a wrap fee for our services to clients through the Program. Clients do not pay fees to SWIA in connection with the Program, but we charge clients an annual fee of .5% per year. Our Program fees are not set or supervised by Schwab. Clients do not pay brokerage commissions or any other fees to CS&Co as part of the Program. Schwab does receive other revenues in connection with the Program, as described in the Program Disclosure Brochure.

We do not pay SWIA fees for its services in the Program so long as we maintain \$100 million in client assets in accounts at CS&Co that are not enrolled in the Program. If we do not meet this condition, then we pay SWIA an annual fee of 0.10% (10 basis points) on the value of our clients' assets in the Program. This fee arrangement gives us an incentive to recommend or require that our clients with accounts not enrolled in the Program be maintained with CS&Co.

For both the Custom Account and the Institutional Intelligent Portfolios™ Programs, our annual portfolio management fee is calculated and deducted from your account prorated quarterly in arrears based on the value of your account on the last day of the quarter. Clients who prefer to be billed directly for their management fees may submit a written request for this service. For these clients we generate and mail your bill on the same schedule. The fee schedules listed above reflect the fees charged by our firm for the management of the assets held in your account. This fee does not include any transaction charges or other fees imposed by the account's custodian, or any of the expense charges by the mutual funds or the ETFs purchased for your account. Upon your request, we will provide a fee schedule that provides more information on the transaction charges and maintenance fees (if any) imposed by the account custodian. Fund expenses are fully disclosed in the prospectus for the fund provided to you by the custodian. We do not charge advisory fees for individual common stock, individual bonds or other such securities held in a client's account at their direction.

If you execute a portfolio management agreement at any time other than the first day of a calendar quarter, our fees will apply on a pro rata basis, which means that the advisory fee is payable in proportion to the number of days in the quarter for which you are a client. If you withdraw more than 20% of the account balance from your account prior to the end of the calendar quarter, we will be entitled to pro-rata fees on such withdrawal. Our advisory fee is negotiable, depending on individual client circumstances.

At our discretion, we may combine the account values of family members living in the same household to determine the applicable advisory fee. For example, we may combine account values for you and your minor children, joint accounts with your spouse, and other types of related accounts. Combining account values may increase the asset total, which may result in you paying a reduced advisory fee based on the available breakpoints in our fee schedule stated above.

The qualified custodian holding your funds and securities will debit your account directly for the advisory fees. Where your account is debited directly for the advisory fee, you will provide written authorization permitting the fees to be paid directly from your account held by the qualified custodian. We will not have access to your funds for payment of fees without your consent in writing. Further, the qualified custodian agrees to deliver a quarterly account statement directly to you. You are encouraged to review your account statements for accuracy.

You may terminate the investment advisory agreement upon 30 days written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

SEI Asset Management Program

We also offer the SEI Asset Management Program (the "Program") to clients. The SEI Asset Management Program is a program whereby an independent investment adviser can make the SEI family of mutual funds available to clients. SEI is not an investment adviser in this instance and does not have the investment adviser relationship with you. The Program is designed as follows:

1. First we will determine your risk profile and investment objectives. We will help you set appropriate investment objectives as well as to determine your investment time horizon and risk profile.
2. Next, we will set a relevant asset allocation policy for you. With our assistance, you will choose one of many mutual fund asset allocation models made available through the Program.
3. Diversify among asset classes and styles. SEI selects the investment managers of the underlying mutual funds. SEI utilizes institutional investment management firms. The managers are monitored by SEI to ensure that their investment styles and performance remain consistent with the objectives of the mutual funds.
4. We will supervise the account and take action in the account using our discretionary authority where we deem appropriate. Such action will be based upon recommendations provided by SEI based on the asset allocation model you chose.
5. SEI Trust Company (a subsidiary of SEI Investments Company) acts as the transfer agent and custodian for your account. SEI Trust Company provides reporting services including consolidated monthly or quarterly statements (as selected by you), quarterly performance reports, and year-end tax reports.

We charge an investment advisory fee as stated below. SEI charges an expense ratio to the fund; all expense ratios are disclosed in the prospectuses of the funds. SEI Private Trust Company, a subsidiary of SEI Investments Co. acts as the transfer agent and custodian for your account. SEI Private Trust Company, on behalf of our firm and your behalf, debits the advisory fee from your account. SEI does not participate in the advisory fee. SEI Private Trust Company then forwards the fee to us.

Market Value Breakpoint	Maximum Annualized Fee
Assets less than or equal to \$500,000	1.00%
Next \$1,000,000	0.67%
Over \$1,500,000	0.33%

SEI Trust Company will debit your account on a quarterly basis for the above-mentioned fees and charges. The charges to the account will be on an arrears basis and will be remitted quarterly net of any applicable account and performance reporting charges not charged to you. Upon written notification, either you or our firm may terminate the agreement. Prorated fees will be charged based on market value on the date notice is received.

You sign an advisory contract with us and account opening documentation with SEI. We provide our Firm Brochure to you and SEI provides a prospectus for the mutual funds utilized in the fee-based account. As custodian, SEI Private Trust Company provides all reporting functions for the account, and supplies you with a quarterly statement, on at least a quarterly basis. SEI does not act in the capacity of an investment adviser to you and therefore does not provide a solicitor's agreement, or their Brochure. The fee schedule that we charge for our advisory services in connection with the SEI Asset Management Program is included herein and in the SEI Advisory Agreement for client disclosure.

SEI Managed Account Program

We participate in the Managed Accounts Program (the "Program"). To participate in the Program, our firm, SEI Investments Management Corporation ("SIMC") and you execute a tri-party agreement ("Managed Account Agreement") providing for the management of certain assets in accordance with the terms thereof.

Pursuant to a Managed Account Agreement, you appoint us as your investment adviser to assist you in selecting an asset allocation strategy, which includes the percentage of assets allocated to designated portfolios of separate securities (each, a "Managed Account Portfolio") and may include the percentage of assets allocated to a portfolio of mutual funds advised by SIMC or an affiliate of SIMC. You appoint SIMC to manage the assets in each Managed Account Portfolio in accordance with a strategy selected by you together with our firm. SIMC may delegate its responsibility for selecting particular securities to one or more portfolio managers.

The fees payable to our firm are as follows:

Assets Under Management	Maximum Annualized Fee
Assets less than or equal to \$500,000	1.00%
Next \$1,000,000	0.67%
Over \$1,500,000	0.33%

SIMC may impose minimum account balances ranging from \$50,000 to \$1,000,000 depending upon the Managed Account Portfolio chosen and whether you select the tax management feature.

Advisory fees charged by SIMC are separate and apart from our advisory fees. Assets managed by SIMC will be included in calculating our advisory fee, which is based on the fee schedule set forth above in this section of the brochure. Advisory fees that you pay to the SIMC are established and payable in accordance with the brochure provided by SIMC. These fees may or may not be negotiable. You should review SIMC's brochure and take into consideration SIMC's fees along with our fees to determine the total amount of fees associated with this program.

Under this Program, you receive investment advisory services, the execution of securities brokerage transactions, custody services and reporting services for a single specified fee. Participation in the Program may cost you more or less than purchasing such services separately. In addition, the Program fee may be higher or lower than that charged by other sponsors of comparable wrap fee programs.

Additionally, the Program offers a feature called Integrated Managed Accounts ("IMAP"), which is an enhancement to the standard Program. In IMAP, SIMC selects one sub-adviser to serve as a tax manager for the entire Managed Account Portfolio. Other sub-advisers recommend securities using buy/sell lists for their specific asset class to which you have selected. An integration fee will be charged to your account when you select the IMAP feature. The fee will cover the integration of the equity managers, which helps result in increased coordination across the equity account, increased tax efficiency and additional features such as wash sale prevention. These additional fees only apply to the equity portion of your account that is allocated to the integrated equities portfolio; the fees do not apply to the fixed income or funds portion of your account (if applicable). A selection of your assets may receive a fee discount.

529 College Savings Plan Asset Allocation Services

We offer discretionary asset allocation services to 529 College Savings Plans whereby our investment advice is tailored to meet your needs and investment objectives. If you retain our firm for 529 College Savings Plan Asset Allocation, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information (the "suitability information") at the beginning of our advisory relationship. We will assist you in setting up a 529 Plan Account. With respect to this account, we will use the suitability information we gather to develop a strategy that enables our firm to give you asset allocation advice and to make investments on your behalf. Once we construct an investment portfolio for you, we will review your 529 Plan holdings on at least an annual basis, and will rebalance the holdings as required by changes in market conditions, your financial circumstances, and the circumstances of the account's named beneficiary with regard to the proximity of requiring distributions for qualified expenses, (e.g. qualified educational expenses in the near future).

If you participate in our discretionary asset allocation services, we require you to grant our firm discretionary authority to manage your account. Discretionary authorization will allow our firm to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. Discretionary authority is typically granted by the investment advisory agreement you sign with our firm, a power of attorney, or trading authorization forms. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased for your account) by providing our firm with your restrictions and guidelines in writing.

Our fee for asset allocation services is an initial one time set up fee of \$150, plus an annual advisory fee of 0.5% of the value of your account balance paid annually on the account anniversary in arrears based on the value of your account on the last day of the month prior to the month of your account anniversary. The annual advisory fee shall be billed directly to the owner listed on the account and shall be payable to Wealth Management Resources, Inc. within 30 days of receipt. Our advisory fee is negotiable, depending on individual client circumstances. This fee does not include any transaction charges or other fees imposed by the plan's sponsor, or any of the expense charges by the municipal fund securities purchased for your account. For clients who already have a relationship with us, we may, at our discretion, waive our normal fees for advising on these accounts in respect of this established relationship.

Fund expenses are fully disclosed in the Program Description for the 529 College Savings Plan provided to you by WMR. Statements will be delivered directly to you on at least a quarterly basis from the 529 College Savings Plan sponsor. You are encouraged to review your account statements for accuracy.

You may terminate the investment advisory agreement upon 30 days written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the agreement, which means you will incur advisory fees only in proportion to the number of days in the year for which you are a client.

401K Plan Advisory Services (Participant-Directed Plans)

We offer Advisory Services to 401(k) plans and their fiduciaries based upon the needs of the plan and the services requested by the plan sponsor or named fiduciary. In general, these services may include plan level investment advice regarding fund selection and investment options, development of an investment policy statement, performance reporting and advice on qualified default investment alternatives. These services will generally be non-discretionary and advisory in nature. The ultimate decision to act on behalf of the plan shall remain with the plan sponsor or other named fiduciary.

We also assist with participant enrollment meetings and provide investment-related educational seminars to plan participants on such topics as:

- Diversification
- Asset allocation
- Risk tolerance
- Time horizon

Our educational seminars may include other investment-related topics specific to the particular plan.

We may also provide additional types of 401k Plan Advisory Services on an individually negotiated basis. All services, whether discussed above or customized for the plan based upon requirements from the plan fiduciaries shall be detailed in a written agreement and be consistent with the parameters set forth in plan documents.

Our fee for 401k Plan Advisory Services is based on the following tiered fee schedule:

Value of Plan Assets	Annualized Fee
Under \$1,000,000	0.5%
\$1,000,001 to \$3,500,000	0.4%
\$3,500,001 to \$5,500,000	0.3%
Over \$5,500,000	0.2%

Our annual fee is billed and payable quarterly in arrears based on either the plan's asset value on the last day of the billing quarter or based upon the plan's average asset value during the billing quarter. If the advisory agreement is executed at any time other than the first day of a calendar quarter, our fees will apply on a pro rata basis, which means that the advisory fee is payable in proportion to the number of days in the quarter for which you are a client. The custodian of the Plan's assets will calculate our fee based on our fee schedule above, deduct the fee from the Plan's account and remit the fee to us.

The Plan Sponsor may terminate the advisory agreement upon 30 days written notice to our firm and the Plan will incur a pro rata charge for services rendered prior to the termination of the agreement, which means the Plan will incur advisory fees only in proportion to the number of days in the quarter for which the Plan is under our management.

As disclosed above, we offer various levels of advisory services to 401k Plans ("Plan") and to the participants of such plans ("Participants"). The services are designed to assist plan sponsors in meeting their management and fiduciary obligations to Participants under the Employee Retirement Income Securities Act ("ERISA"). Pursuant to adopted regulations of the U.S. Department of Labor under ERISA Section 408(b)(2), we are required to provide the Plan's responsible plan fiduciary (the

person who has the authority to engage us as an investment adviser to the Plan) with a written statement of the services we provide to the Plan, the compensation we receive for providing those services, and our status (which is described below).

The services we provide to your Plan are described above, and in the service agreement that you have signed with our firm. Our compensation for these services is described above and in the service agreement. We may, with consent of the Plan, and in accordance with Plan documents, bill out-of-pocket expenses (such as overnight mailings, messenger, translation fees, etc.) at cost. We do not reasonably expect to receive any other compensation, direct or indirect, for the services we provide to the Plan or Participants.

In providing services to the Plan and Participants, our status is that of an investment adviser registered under Investment Adviser Act of 1940, and we are not subject to any disqualifications under Section 411 of ERISA. In performing ERISA fiduciary services, we are acting as a non-discretionary fiduciary of the Plan as defined in ERISA Section 3(21).

SIMPLE IRA Plus Plan Advisory Services (Participant-Directed Plans)

The SIMPLE IRA Plus Plan is an employer-sponsored retirement savings program designed for smaller employers under 100 employees. This program combines many of the attributes of Individual Retirement Accounts (IRA's) within a payroll-deduction retirement savings plan that may be offered by employers to assist their employees in saving for their financial future, but without many of the costs and regulatory obligations required of ERISA-qualified 401(k) programs and other plans.

Wealth Management Resources, Inc. (WMR) provides Non-Fiduciary Advisory Services to SIMPLE IRA plans, their Plan Sponsors and their Participants. Currently, we only offer services with respect to the **SIMPLE IRA Plus Plan** program offered through the **American Funds Mutual Fund Company**.

WMR will assist Plan Sponsors to establish and maintain a SIMPLE IRA Plus Plan through the **American Funds Mutual Fund Company**. Once a **SIMPLE IRA Plus Plan** has been established, WMR will offer enrollment meetings to introduce the plan to participants (employees) and assist participants (employees) with the set-up of their individual accounts. Plan participants (employees) will be establishing their accounts directly with the **American Funds Mutual Fund Company**, making their own investment selections from the available investment option offered in the program.

Because the **American Funds Mutual Fund Company SIMPLE IRA Plus Plan** provides a predetermined list of investment options, WMR's services will generally be non-discretionary in nature. The ultimate decision to utilize the program shall remain with the Plan Sponsor or other named fiduciary.

At the request of the Plan Sponsor, WMR may, from time to time, also assist with new participant enrollment and provide investment-related educational seminars to plan participants on such topics as:

- Retirement Planning
- Asset allocation
- Risk tolerance
- Time horizon

Educational seminars may include other investment-related topics that will be general in nature but may include information on investments specific to the program.

Fees for the **SIMPLE IRA Plus Plan** are based on the following tiered fee schedule based upon the aggregate value of the **SIMPLE IRA Plus Plan** accounts:

Value of Assets	Annualized Fee
Under \$1 million	0.5%
\$1,000,001 to \$3 million	0.4%
\$3 million to \$5 million	0.3%
Over \$5 million	0.2%

The adjusted quarterly fees are payable in arrears based upon the aggregate value of all participant accounts within the **SIMPLE IRA Plus Plan** on the last day of the billing quarter or based upon the plan's average daily balance as determined by the **American Funds Mutual Fund Company's** recordkeeping system during the calendar quarter. **American Funds Mutual Fund Company** will calculate the aggregate fee for the previous calendar quarter. The resulting amount will be divided proportionately among participants in the plan on their account balances on the day the fees are processed. **American Funds Mutual Fund Company** will remit the quarterly fee to us in March, June, September, and December as applicable.

The Plan Sponsor may terminate the advisory agreement upon 30 days written notice to our firm and the Plan will incur a pro rata charge for services rendered prior to the termination of the agreement, which means the Plan will incur advisory fees only in proportion to the number of days in the quarter for which the Plan is under our management.

Seminars

We may also provide seminars to retirement plan participants on topics which may include but may not be limited to education and enrollment. We will not render specific investment advice to any one individual at such seminars and information provided will be of a general nature. The fee and fee paying arrangements for seminars (if any) are negotiable and will vary on a case by case basis.

Types of Investments

We primarily offer advice on mutual funds, exchange traded funds, and equities.

Additionally, we may advise you on any type of investment that we deem appropriate based on your stated goals and objectives. We may also provide advice on any type of investment held in your portfolio at the inception of our advisory relationship.

Assets Under Management

As of December 31, 2020, we provide continuous management services for \$195,078,357 in client assets on a discretionary basis and \$18,536,679 on a non-discretionary basis.

Item 5 Fees and Compensation

Please refer to the "Advisory Business" section in this Brochure for information on our advisory fees, fee deduction arrangements, and refund policy according to each service we offer.

As described in *Item 4 Advisory Business*, Institutional Intelligent Portfolios™ Program clients do not pay fees to SWIA or brokerage commissions or other fees to CS&Co as part of the Program. Schwab does receive other revenues in connection with the Program, as described in the Program Disclosure Brochure. Brokerage arrangements are further described below in *Item 12 Brokerage Practices*.

Additional Fees and Expenses

As part of our investment advisory services to you, we will invest, or recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. With respect to accounts where Schwab is the custodian, we attempt to limit purchases to no-load mutual funds available through the Schwab Mutual Funds OneSource service (including Schwab Funds) as well as certain other funds that are available without transaction fees. For mutual funds not available through the Schwab Mutual Funds OneSource service and exchange traded funds you will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian such through whom your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others. For information on our brokerage practices, please refer to the "Brokerage Practices" section of this Disclosure Brochure.

Compensation for the Sale of Securities or Other Investment Products

Our firm is also a securities broker-dealer and a member of the Financial Industry Regulatory Authority (FINRA) and persons associated with our firm who provide investment advice are also licensed as registered representatives of our Broker-Dealer. We will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by our firm and registered representatives is separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on your needs. We typically receive commissions on mutual funds for accounts that are too small for an advisory relationship and for retirement accounts such as Simple IRA Plans where the mutual fund company performs administrative services in addition to the funds. In advisory accounts, we will, when appropriate, recommend the purchase of no-load mutual funds. However, you are under no obligation, contractually or otherwise, to purchase securities products through any person affiliated with our firm and you have the option to purchase investment products that we recommend through other brokers or agents that are not affiliated with our firm.

In addition, our firm is also licensed as an insurance producer and persons providing investment advice on behalf of our firm are also licensed as insurance agents. We will earn commission-based compensation for selling insurance products, such as life, disability, long term care insurance, and annuities to you. Insurance commissions are separate and in addition to our advisory fees. The sale of insurance products and annuities presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance

products to you for the purpose of generating commissions rather than solely based on your needs. You are under no obligation, contractually or otherwise, to purchase any insurance product through our firm or any person affiliated with our firm.

Any material conflicts of interest between you and our firm, or our employees are disclosed in this Disclosure Brochure. If at any time, additional material conflicts of interest develop, we will provide you with written notification of the material conflicts of interest or an updated Disclosure Brochure.

Item 6 Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Our fees are calculated as described in the Advisory Business section above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 Types of Clients

We offer investment advisory services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business entities.

In general, we require a minimum of \$150,000 to open and maintain an advisory account. Additionally, we require that any subsequent investment into the Custom Account be in an amount of \$250 or more. At our discretion, we may waive these minimums. For example, we may waive the minimum account size if you appear to have significant potential for increasing your assets under our management or are referred by an existing client. We may also combine account values for you and your minor children, joint accounts with your spouse, and other types of related accounts to meet the stated minimum account size.

SIMC may impose minimum account balances ranging from \$50,000 to \$1,000,000 depending upon the Managed Account Portfolio chosen and whether the investor selects the tax management feature.

Clients eligible to enroll in the Institutional Intelligent PortfoliosTM Program include individuals, IRAs and revocable living trusts. Clients that are organizations (such as corporations and partnerships) or government entities, and clients that are subject to the Employee Retirement Income Security Act of 1974, are not eligible for the Program. The minimum investment required to open an account in the Program is \$5,000. The Program Disclosure Brochure describes related minimum required account balances for maintenance of the account, automatic rebalancing, and tax-loss harvesting.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Our Methods of Analysis and Investment Strategies

We may use one or more of the following methods of analysis or investment strategies when providing investment advice to you:

- **Fundamental Analysis** - Fundamental analysis involves analyzing individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience, and expertise of the company's management, and the

outlook for the company's industry. The resulting data is used to measure the true value of the company's stock compared to the current market value. The risk of fundamental analysis is that information obtained may be incorrect and the analysis may not provide an accurate estimate of earnings, which may be the basis for a stock's value. If securities prices adjust rapidly to new information, utilizing fundamental analysis may not result in favorable performance.

- Long Term Purchases - securities purchased with the expectation that the value of those securities will grow over a relatively long period of time, generally greater than one year.

The Institutional Intelligent Portfolios™ Program Disclosure Brochure includes a discussion of various risks associated with the Program, including the risks of investing in ETFs, as well as risks related to the underlying securities in which ETFs invest. In addition, the Program Disclosure Brochure also discusses market/systemic risks, asset allocation/strategy/diversification risks, investment strategy risks, trading/liquidity risks, and large investment risks.

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

Our strategies and investments will impact your tax situation. However, unless we specifically agree otherwise, and in writing, tax efficiency is not our primary consideration in the management of your account. Regardless of your account size or any other factors, we strongly recommend that you continuously consult with a tax professional prior to and throughout the investing of your assets.

Custodians and broker-dealers must report the cost basis of equities acquired in client accounts. Many custodians default to the First-In First-Out ("FIFO") accounting method for calculating the cost basis of investments. You are responsible for contacting your tax advisor to determine if this accounting method is the right choice for you. If your tax advisor believes another accounting method is more advantageous, provide written notice to our firm immediately and we will alert your account custodian of your individually selected accounting method. Decisions about cost basis accounting methods will need to be made before trades settle, as the cost basis method cannot be changed after settlement.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Other Risk Considerations

When evaluating risk, financial loss may be viewed differently by each client and may depend on many different risks, each of which may affect the probability and magnitude of any potential losses. The following risks may not be all-inclusive, but should be considered carefully by a prospective client before retaining our services.

Liquidity Risk: The risk of being unable to sell your investment at a fair price at a given time due to high volatility or lack of active liquid markets. You may receive a lower price or it may not be possible to sell the investment at all.

Credit Risk: Credit risk typically applies to debt investments such as corporate, municipal, and

sovereign fixed income or bonds. A bond issuing entity can experience a credit event that could impair or erase the value of an issuer's securities held by a client.

Inflation and Interest Rate Risk: Security prices and portfolio returns will likely vary in response to changes in inflation and interest rates. Inflation causes the value of future dollars to be worth less and may reduce the purchasing power of a client's future interest payments and principal. Inflation also generally leads to higher interest rates which may cause the value of many types of fixed income investments to decline.

Horizon and Longevity Risk: The risk that your investment horizon is shortened because of an unforeseen event, for example, the loss of your job. This may force you to sell investments that you were expecting to hold for the long term. If you must sell at a time that the markets are down, you may lose money. Longevity Risk is the risk of outliving your savings. This risk is particularly relevant for people who are retired, or are nearing retirement.

Recommendation of Particular Types of Securities

As disclosed under the "Advisory Business" section in this Brochure, we primarily recommend mutual funds, exchange traded funds, and equities; however, we may recommend other types of investments as appropriate for you since each client has different needs and different tolerance for risk. Each type of security has its own unique set of risks associated with it and it would not be possible to list here all of the specific risks of every type of investment. Even within the same type of investment, risks can vary widely. However, in very general terms, the higher the anticipated return of an investment, the higher the risk of loss associated with it.

Mutual Funds and Exchange Traded Funds

Mutual funds and exchange traded funds ("ETF") are professionally managed collective investment systems that pool money from many investors and invest in stocks, bonds, short-term money market instruments, other mutual funds, other securities, or any combination thereof. The fund will have a manager that trades the fund's investments in accordance with the fund's investment objective. While mutual funds and ETFs generally provide diversification, risks can be significantly increased if the fund is concentrated in a particular sector of the market, primarily invests in small cap or speculative companies, uses leverage (i.e., borrows money) to a significant degree, or concentrates in a particular type of security (i.e., equities) rather than balancing the fund with different types of securities. ETFs differ from mutual funds since they can be bought and sold throughout the day like stock and their price can fluctuate throughout the day. The returns on mutual funds and ETFs can be reduced by the costs to manage the funds. Also, while some mutual funds are "no load" and charge no fee to buy into, or sell out of, the fund, other types of mutual funds do charge such fees which can also reduce returns. Mutual funds can also be "closed end" or "open end". So-called "open end" mutual funds continue to allow in new investors indefinitely whereas "closed end" funds have a fixed number of shares to sell which can limit their availability to new investors.

ETFs may have tracking error risks. For example, the ETF investment adviser may not be able to cause the ETF's performance to match that of its Underlying Index or other benchmark, which may negatively affect the ETF's performance. In addition, for leveraged and inverse ETFs that seek to track the performance of their Underlying Indices or benchmarks on a daily basis, mathematical compounding may prevent the ETF from correlating with performance of its benchmark. In addition, an ETF may not have investment exposure to all of the securities included in its Underlying Index, or its weighting of investment exposure to such securities may vary from that of the Underlying Index. Some ETFs may invest in securities or financial instruments that are not included in the Underlying Index, but which are expected to yield similar performance.

Variable Annuities

A variable annuity is a type of annuity that has a variety of investment options (called subaccounts) available for your selection. When you purchase a variable annuity, the annuity issuer offers you a choice of investment portfolios into which you can allocate your premiums. The investment choices may include general stocks, balanced portfolios, bonds, and other specialty investments, such as international stocks. Unlike a fixed annuity in which the issuer guarantees that a minimum rate of interest will be paid on your investment in the annuity, the issuer of a variable annuity does not guarantee or project any rate of return on the underlying investment portfolios. You, as the purchaser of the annuity, assume all risk on the underlying performance of the investment subaccounts that you select. Your return may be greater than or less than that of a fixed annuity.

Variable annuities are sold by prospectus. You should carefully consider your objectives, risks, and all charges and expenses before purchase. Variable annuities are long-term investment products and may have significant risks, as well as penalties and charges for early withdrawal.

Equities

There are numerous ways of measuring the risk of equity securities (also known simply as "equities" or "stock"). In very broad terms, the value of a stock depends on the financial health of the company issuing it. However, stock prices can be affected by many other factors including, but not limited to: the class of stock (for example, preferred or common); the health of the market sector of the issuing company; and, the overall health of the economy. In general, larger, more well established companies ("large cap") tend to be safer than smaller start-up companies ("small cap") but the mere size of an issuer is not, by itself, an indicator of the safety of the investment.

Item 9 Disciplinary Information

Wealth Management Resources, Inc. has been registered and providing investment advisory services since 1994. We are required to disclose the facts of any legal or disciplinary events that are material to a client's evaluation of our advisory business or the integrity of our management. We do not have any required disclosures under this item.

Item 10 Other Financial Industry Activities and Affiliations

In addition to being registered as an investment adviser, our firm is also registered as a broker-dealer, and is a member of the Financial Industry Regulatory Authority (FINRA). We are also a licensed insurance producer with the states of Rhode Island, Massachusetts, and Connecticut.

Some Associated persons are also registered representatives of our broker-dealer and are licensed as insurance agents. We earn compensation for selling securities and insurance products to you in such capacities. Please refer to the fees and compensation section for further information and conflicts of interest including the compensation we earn as a result of these activities.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Description of Our Code of Ethics

We strive to comply with applicable laws and regulations governing our practices. Therefore, our Code of Ethics includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. All of our Associated Persons are expected to adhere strictly to these guidelines. Our Code of Ethics also requires that certain persons associated with our firm submit reports of their personal account holdings and transactions to a qualified representative of our firm who will review these reports on a periodic basis. Persons associated with our firm are also required to report any violations of our Code of Ethics. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Our Code of Ethics is available to you upon request. You may obtain a copy of our Code of Ethics by contacting Kevin Worthley, Chief Compliance Officer, at 401-356-1400 or kworthley@wealthmanagers.com

Participation or Interest in Client Transactions

Neither our firm nor any of our Associated Persons has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this Brochure.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell securities for you at the same time we or persons associated with our firm buy or sell such securities for our own account. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To mitigate this conflict of interest, it is our policy that we shall not have priority over your account in the purchase or sale of securities.

Item 12 Brokerage Practices

We maintain relationships with several broker-dealers. While you are free to choose any broker-dealer or other service provider as your custodian, we recommend that you establish an account with a brokerage firm with which we have an existing relationship. Such relationships may include benefits provided to our firm, including but not limited to market information and administrative services that help our firm manage your account(s). We believe that the recommended broker-dealers provide quality execution services for our clients at competitive prices. Price is not the sole factor we consider in evaluating best execution. We also consider the quality of the brokerage services provided by recommended broker-dealers, including the value of the firm's reputation, execution capabilities, commission rates, and responsiveness to our clients and our firm. In recognition of the value of the services recommended broker-dealers provide, you may pay higher commissions and/or trading costs than those that may be available elsewhere.

We do not maintain custody of your assets that we manage/on which we advise, although we may be deemed to have custody of your assets if you give us authority to withdraw assets from your account (see Item 15 - Custody, below). Your assets must be maintained in an account at a "qualified custodian," generally a broker-dealer or bank. We recommend that clients in need of brokerage and

custodial services utilize Charles Schwab & Co., Inc. (Schwab or CS&Co.), a registered broker-dealer with the Securities and Exchange Commission, member FINRA and SIPC, among others, as the qualified custodian.

We are independently owned and operated and are not affiliated with Schwab. Schwab will hold your assets in a brokerage account and buy and sell securities when we instruct them to. While we recommend that you use Schwab as custodian/broker, you will decide whether to do so and will open your account with Schwab by entering into an account agreement directly with them. We do not open the account for you, although we may assist you in doing so. Even though your account is maintained at Schwab, we can still use other brokers to execute trades for your account as described below (see "Your Brokerage and Custody Costs").

In addition to our portfolio management and other services, the Institutional Intelligent PortfoliosTM Program includes the brokerage services of Schwab. While clients are required to use CS&Co as custodian/broker to enroll in the Program, the client decides whether to do so and opens its account with CS&Co by entering into an account agreement directly with CS&Co. We do not open the account for the client. If the client does not wish to place his or her assets with CS&Co, then we cannot manage the client's account through the Program. As described in the Program Disclosure Brochure, SWIA may aggregate purchase and sale orders for ETFs across accounts enrolled in the Program, including both accounts for our clients and accounts for clients of other independent investment advisory firms using the Program.

Research and Other Soft Dollar Benefits

We do not have any soft dollar arrangements.

Your Brokerage and Custody Costs

For our clients' accounts that Schwab maintains, Schwab generally does not charge you separately for custody services but is compensated by charging you commissions or other fees on trades that it executes or that settle into your Schwab account.

Schwab's commission rates applicable to our client accounts were negotiated based on the condition that our clients collectively maintain a total of at least \$10,000,000 of their assets in accounts at Schwab. This commitment benefits you because the overall commission rates you pay are lower than they would be otherwise. In addition to commissions, Schwab charges you a flat dollar amount as a "prime broker" or "trade away" fee for each trade that we have executed by a different broker-dealer but where the securities bought or the funds from the securities sold are deposited (settled) into your Schwab account. These fees are in addition to the commissions or other compensation you pay the executing broker-dealer. Because of this, in order to minimize your trading costs, we have Schwab execute most trades for your account. We have determined that having Schwab execute most trades is consistent with our duty to seek "best execution" of your trades. Best execution means the most favorable terms for a transaction based on all relevant factors, including those listed above

Products and Services Available to Us from Schwab

Schwab Advisor Services (formerly called Schwab Institutional®) is Schwab's business serving independent investment advisory firms like us. They provide us and our clients, both those enrolled in the Institutional Intelligent PortfoliosTM Program and our clients not enrolled in the Program, with access to its institutional brokerage - trading, custody, reporting, and related services - many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients' accounts, while others help

us manage and grow our business. Schwab's support services generally are available on an unsolicited basis (we don't have to request them) and at no charge to us as long as our clients collectively maintain a total of at least \$100 million of their assets in accounts at Schwab. If our clients collectively have less than \$100 million in assets at Schwab, Schwab may charge us quarterly service fees of \$1,200. Following is a more detailed description of Schwab's support services:

Services That Benefit You. Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab's services described in this paragraph generally benefit you and your account.

Services That May Not Directly Benefit You. Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Schwab's own and that of third parties. We may use this research to service all or a substantial number of our clients' accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that

- Provide access to client account data (such as duplicate trade confirmations and account statements)
- Facilitate trade execution and allocate aggregated trade orders for multiple client accounts
- Provide pricing and other market data
- Facilitate payment of our fees from our clients' accounts
- Assist with back-office functions, recordkeeping, and client reporting services that generally benefit only us.

Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- Educational conferences and events
- Consulting on technology, compliance, legal, and business needs
- Publications and conferences on practice management and business succession
- Access to employee benefits providers, human capital consultants, and insurance providers

Schwab may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab may also discount or waive its fees for some of these services or pay all or a part of a third party's fees. Schwab may also provide us with other benefits, such as occasional business entertainment of our personnel.

Our Interest in Schwab's Services

The availability of these services from Schwab benefits us because we do not have to produce or purchase them. We don't have to pay for Schwab's services so long as our clients collectively keep a total of at least \$10 million of their assets in accounts at Schwab. Beyond that, these services are not contingent upon us committing any specific amount of business to Schwab in trading commissions or assets in custody. The \$10 million minimum may give us an incentive to recommend that you maintain your account with Schwab, based on our interest in receiving Schwab's services that benefit our business rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a potential conflict of interest. We believe,

however, that our selection of Schwab as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality, and price of Schwab's services (see *"How We Select Brokers/Custodians"*) and not Schwab's services that benefit only us.

As of December 31, 2020, we had approximately \$174 million in client assets under management on a discretionary basis at Schwab (see Assets Under Management Section above), therefore we do not believe that recommending our clients to collectively maintain at least \$10 million of those assets at Schwab in order to avoid paying Schwab quarterly service fees presents a material conflict of interest.

We believe that Schwab and the other custodians we recommend provide quality execution services for you at competitive prices. Price is not the sole factor we consider in evaluating best execution. We also consider the quality of the brokerage services provided by custodians, including the value of research provided and other products and services that benefit us (see products and services that benefit us, as discussed above and marketing expenses paid by SEI discussed below), the firm's reputation, execution capabilities, commission rates, and responsiveness to our clients and our firm. In recognition of the value of research services and additional brokerage products and services custodians provide to our firm, you may pay higher commissions and/or trading costs than those that may be available elsewhere.

Block Trades

We do not combine multiple orders for shares of the same securities purchased for advisory accounts we manage (the practice of combining multiple orders for shares of the same securities is commonly referred to as "block trading"). Accordingly, you may pay different prices for the same securities transactions than other clients pay. Furthermore, we may not be able to buy and sell the same quantities of securities for you and you may pay higher commissions, fees, and/or transaction costs than other clients.

Item 13 Review of Accounts

Custom Accounts, the Institutional Intelligent Portfolios™ Program Accounts and SEI Accounts

All the advisors at the firm are members of the Investment Committee and collectively will monitor your Custom Accounts, IIP Accounts and SEI Accounts on a continuous basis. Additionally, we offer account reviews to clients at least annually. Additional reviews may be conducted based on various circumstances, including, but not limited to:

- contributions and withdrawals,
- year-end tax planning,
- market moving events,
- security specific events, and/or,
- changes in your risk/return objectives.

We will provide Custom Accounts with a quarterly performance report. We will also, at your specific request, provide you with annual tax reports. You will receive trade confirmations and monthly or quarterly statements from your account custodian(s).

529 Accounts

All the advisors at the firm will conduct a review of 529 accounts under their supervision on at least an annual basis. You will receive trade confirmations and monthly or quarterly statements from your account custodian(s).

401K Plan Accounts

We offer and provide 401(k) Plan Sponsors the opportunity to review reports detailing the performance of the Plan's fund investments on at least an annual basis.

Financial Planning

We will provide, upon your request and for no additional charge, a review and update to a financial plan if you have engaged us for implementation services. If you have only engaged us for financial planning services, we will provide a review and update to the plan upon your request and for an additional fee.

Item 14 Client Referrals and Other Compensation

We do not receive any compensation from any third party in connection with providing investment advice to you nor do we compensate any individual or firm for client referrals.

Please refer to the *Brokerage Practices* section above for disclosures on research and other benefits we may receive resulting from our relationship with Schwab and SEI.

As disclosed under the "Fees and Compensation" section in this Brochure, we are also registered as a broker-dealer and licensed as an insurance agency. Persons providing investment advice on behalf of our firm are licensed insurance agents, and are registered representatives. For information on the conflicts of interest this presents, and how we address these conflicts, please refer to the "Fees and Compensation" section.

Item 15 Custody

For Custom Accounts, we directly debit your account(s) for the payment of our advisory fees. This ability to deduct our advisory fees from your accounts causes our firm to exercise limited custody over your funds or securities. We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent, qualified custodian. You will receive account statements from the independent, qualified custodian(s) holding your funds and securities at least quarterly. The account statements from your custodian(s) will indicate the amount of our advisory fees deducted from your account(s) each billing period. You should carefully review account statements for accuracy. We will also provide you with a quarterly performance report that will illustrate your portfolio allocation and show your account performance both before and after advisory fees.

You should compare our Custom Account performance report with the statements from your account custodian(s) to reconcile the information reflected on each statement. If you have a question regarding your account statement or if you did not receive a statement from your custodian, please contact Arthur C. Everly, President at 401-356-1400 or aeverly@wealthmanagers.com.

Pursuant to Rule 206(4)-2 (the "Custody Rule"), we have taken steps to have controls and oversight in place to support the no-action letter issued by the SEC on February 21, 2017 (the "SEC no-action letter"). With respect to third party standing letters of authorization ("SLOA") where a client may grant us the authority to direct custodians to disburse funds to one or more third party accounts, we are deemed to have limited custody. However, we are not required to comply with the surprise examination requirement of the Custody Rule if we are otherwise in compliance with the seven representations noted in the February 21, 2017 no-action letter.

Where the Adviser acts pursuant to a SLOA, we believe we are making a good faith effort to comply with the representations noted in the SEC's no-action letter. Additionally, since many of those representations involve the qualified custodian's operations, we will collaborate closely with its custodians to ensure that the representations would be able to be met.

Item 16 Investment Discretion

Before we can buy or sell securities on your behalf, you must first sign our advisory services agreement.

You may grant our firm discretion over the selection and amount of securities to be purchased or sold for your account(s) without obtaining your consent or approval prior to each transaction. You may specify investment objectives, guidelines, and/or impose certain conditions or investment parameters for your account(s). For example, you may specify that the investment in any particular stock or industry should not exceed specified percentages of the value of the portfolio and/or restrictions or prohibitions of transactions in the securities of a specific industry or security. Please refer to the "Advisory Business" section in this Brochure for more information on our discretionary management services.

Item 17 Voting Client Securities

We will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of applicable securities, you are responsible for exercising your right to vote as a shareholder.

In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward any electronic solicitation to vote proxies.

Institutional Intelligent Portfolios™ Program

As described in the Program Disclosure Brochure, clients enrolled in the Program designate SWIA to vote proxies for the ETFs held in their accounts. We have directed SWIA to process proxy votes and corporate actions through and in accordance with the policies and recommendations of a third party proxy voting service provider retained by SWIA for this purpose. Additional information about this arrangement is available in the Program Disclosure Brochure. Clients who do not wish to designate SWIA to vote proxies may retain the ability to vote proxies themselves by signing a special CS&Co form available from us.

Item 18 Financial Information

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$1200 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

We have not filed a bankruptcy petition at any time in the past ten years.

Item 19 Requirements for State Registered Advisers

We are a federally registered adviser; therefore, we are not required to respond to this item.

Item 20 Additional Information

Your Privacy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any non-public personal information about you to any non-affiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to non-public personal information about you to employees, who need this information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your non-public personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact our main office at the telephone number on the cover page of this brochure.

If you decide to close your account(s) we will adhere to our privacy policies, which may be amended from time to time.

If we make any substantive changes in our privacy policy that would further permit or require disclosures of your private information, we will provide written notice to you. Where the change is based on permitted disclosures, you will be given an opportunity to direct us as to whether such disclosure is acceptable. Where the change is based on required disclosures, you will only receive written notice of the change. You may not opt out of the required disclosures.

If you have questions about our privacy policies contact our main office at the telephone number on the cover page of this brochure and ask to speak to the Chief Compliance Officer.

Trade Errors

From time-to-time we may make an error in submitting a trade order on your behalf. In these situations, we generally seek to rectify the error by placing your account in a similar position as it would have been had there been no error. Depending on the circumstances, various corrective steps may be

taken, including but not limited to, canceling the trade, adjusting an allocation, and/or reimbursing the account. For accounts maintained at Schwab, if an investment gain results from the correcting trade, the gain will remain in your account unless the same error involved other client account(s) that should have received the gain, it is not permissible for you to retain the gain, or we confer with you and you decide to forego the gain (e.g., due to tax reasons). If the gain does not remain in your account and Schwab is the custodian, Schwab will donate the amount of any gain \$100 and over to charity. If a loss occurs greater than \$100, we will pay for the loss. Schwab will maintain the loss or gain (if such gain is not retained in the client's account) if it is under \$100 to minimize and offset its administrative time and expense. Generally, if related trade errors result in both gains and losses in your account, they may be netted.

Class Action Lawsuits

We do not determine if securities held by you are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by you. We do not provide advice or recommendations as to whether you should (or should not) participate in such settlements or class action lawsuits.

IRA Rollover Considerations

As part of our investment advisory services to you, we may recommend that you withdraw the assets from your employer's retirement plan and roll the assets over to an individual retirement account ("IRA") that we will manage on your behalf. If you elect to roll the assets to an IRA that is subject to our management, we will charge you an asset based fee as set forth in the agreement you executed with our firm. This practice presents a conflict of interest because persons providing investment advice on our behalf have an incentive to recommend a rollover to you for the purpose of generating fee based compensation rather than solely based on your needs. You are under no obligation, contractually or otherwise, to complete the rollover. Moreover, if you do complete the rollover, you are under no obligation to have the assets in an IRA managed by our firm.

Many employers permit former employees to keep their retirement assets in their company plan. Also, current employees can sometimes move assets out of their company plan before they retire or change jobs. In determining whether to complete the rollover to an IRA, and to the extent the following options are available, you should consider the costs and benefits of:

1. Leaving the funds in your employer's (former employer's) plan.
2. Moving the funds to a new employer's retirement plan.
3. Cashing out and taking a taxable distribution from the plan.
4. Rolling the funds into an IRA rollover account.

Each of these options has advantages and disadvantages and before making a change we encourage you to speak with your CPA and/or tax attorney.

If you are considering rolling over your retirement funds to an IRA for us to manage here are a few points to consider before you do so:

1. Determine whether the investment options in your employer's retirement plan address your needs or whether you might want to consider other types of investments.
 - a. Employer retirement plans generally have a more limited investment menu than IRAs.
 - b. Employer retirement plans may have unique investment options not available to the public such as employer securities, or previously closed funds.

2. Your current plan may have lower fees than our fees.
 - a. If you are interested in investing only in mutual funds, you should understand the cost structure of the share classes available in your employer's retirement plan and how the costs of those share classes compare with those available in an IRA.
 - b. You should understand the various products and services you might take advantage of at an IRA provider and the potential costs of those products and services.
3. Our strategy may have higher risk than the option(s) provided to you in your plan.
4. Your current plan may also offer financial advice.
5. If you keep your assets titled in a 401k or retirement account, you could potentially delay your required minimum distribution beyond age 72.
6. Your 401k may offer more liability protection than a rollover IRA; each state may vary.
 - a. Generally, federal law protects assets in qualified plans from creditors. Since 2005, IRA assets have been generally protected from creditors in bankruptcies. However, there can be some exceptions to the general rules so you should consult with an attorney if you are concerned about protecting your retirement plan assets from creditors.
7. You may be able to take out a loan on your 401k, but not from an IRA.
8. IRA assets can be accessed any time; however, distributions are subject to ordinary income tax and may also be subject to a 10% early distribution penalty unless they qualify for an exception such as disability, higher education expenses or the purchase of a home.
9. If you own company stock in your plan, you may be able to liquidate those shares at a lower capital gains tax rate.
10. Your plan may allow you to hire us as the manager and keep the assets titled in the plan name.

It is important that you understand the differences between these types of accounts and to decide whether a rollover is best for you. Prior to proceeding, if you have questions contact your investment adviser representative, or call our main number as listed on the cover page of this brochure.

ARTHUR CLAYTON EVERLY

WEALTH MANAGEMENT RESOURCES, INC.

**28 Cedar Swamp Road, Suite One
Smithfield, Rhode Island 02917**

**Tel. 401-356-1400
Fax 401-356-0688**

June 1, 2020

**FORM ADV PART 2B
BROCHURE SUPPLEMENT**

This brochure supplement provides information about Arthur Clayton Everly that supplements the Wealth Management Resources, Inc. brochure. You should have received a copy of that brochure. Please contact Kevin Worthley, EVP and Chief Compliance Officer, at 401-356-1400 or kworthley@wealthmanagers.com if you did not receive Wealth Management Resources, Inc.'s brochure or if you have any questions about the contents of this supplement.

Additional information about Arthur C. Everly is available on the SEC's website at www.adviserinfo.sec.gov.

Item 2 Educational Background and Business Experience

ARTHUR CLAYTON EVERLY

Year of Birth: 1953

Formal Education:

- Mr. Everly entered the work force immediately following high school.

Business Background for the Previous Five Years:

- Wealth Management Resources, Inc., President, 01/2017 to Present.
- Wealth Management Resources, Inc., Executive Vice President, 01/1994 to 01/2017.
- Guardian Life Insurance Co., Field Representative, 08/1988 to 08/2008.
- Bryant University, Instructor - Certificate of Financial Planning Program, 01/2000 to 06/2012.

Certifications:

- Chartered Life Underwriter (CLU)®, 1985.

Chartered Life Underwriter (CLU)®: This designation is issued by The American College and is granted to individuals who have at least three years of full-time business experience within the five years preceding the awarding of the designation. The candidate is required to take a series of eight or more mandatory college-level courses which include, for example, the following: insurance planning, life insurance law, fundamentals of estate planning, planning for business owners, income taxation, group benefits, planning for retirement needs, and investments. Each course has a final proctored exam.

- Chartered Financial Consultant (ChFC)®, 1985

Chartered Financial Consultant (ChFC)®: This designation is issued by The American College and is granted to individuals who have at least three years of full-time business experience within the five years preceding the awarding of the designation. The candidate is required to take seven mandatory courses which include the following disciplines: financial, insurance, retirement and estate planning; income taxation, investments and application of financial planning; as well as two elective courses involving the application of the aforementioned disciplines. Each course has a final proctored exam.

Item 3 Disciplinary Information

Form ADV Part 2B requires disclosure of certain criminal or civil actions, administrative proceedings, and self-regulatory organization proceedings, as well as certain other proceedings related to suspension or revocation of a professional attainment, designation, or license. Mr. Arthur Everly has no required disclosures under this item.

Item 4 Other Business Activities

Arthur C. Everly is also a registered representative of our firm, in its capacity as a broker-dealer. Additionally, Mr. Everly is licensed as an insurance agent of our firm as a licensed insurance producer. Commission-based compensation generated by Mr. Everly in connection with the purchase and sale of securities, insurance products including variable annuities and 12b-1 fees for the sale of investment company products is paid to the Firm, as are advisory fees earned by Mr. Everly in his capacity as an Investment Advisor Representative of the Firm. Mr. Everly is compensated solely by salary plus a potential bonus determined by senior management for his productivity and work contributed to the Firm over the course of a past calendar year. Generally, commissions are paid to the Firm on mutual funds in accounts which are too small for an investment advisory relationship, or where the purchase of a mutual fund is warranted by additional services provided by the mutual fund provider, such as in the case of Simple Retirement Plans. We do apply our Code of Ethics that includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you regardless of the product or service recommended to you. Clients of the firm may have both advisory accounts and brokerage accounts; however, the Firm will not receive commission based compensation for securities purchased in an advisory account. Nevertheless, a conflict of interest exists since Mr. Everly has a financial incentive to increase revenues to the firm in the form of commissions and other transaction based compensation in order to obtain the potential bonus determined by his productivity which includes, in part, his productivity as well as his other productive contributions to the Firm.

Please see the "Fees and Compensation" section in this Brochure for more information on the compensation received by insurance agents as well as our firm, as a licensed insurance producer.

Item 5 Additional Compensation

Refer to the *Other Business Activities* section above for disclosures on Mr. Everly's receipt of additional compensation as a result of his other business activities.

Also, refer to the *Fees and Compensation, Client Referrals and Other Compensation, and Other Financial Industry Activities and Affiliations* section(s) of Wealth Management Resources, Inc.'s firm brochure for additional disclosures on this topic.

Item 6 Supervision

Kevin R. Worthley, Chief Compliance Officer, is responsible for supervising Mr. Everly's advisory activities. As part of his supervisory responsibilities, Mr. Worthley monitors email communications and client accounts on a periodic basis. Mr. Worthley can be reached at 401-356-1400 or kworthley@wealthmanagers.com.

BROCHURE SUPPLEMENT**

This brochure supplement provides information about Kevin R. Worthley that supplements the Wealth Management Resources, Inc. brochure. You should have received a copy of that brochure. Please contact Kevin Worthley, Executive Vice President and Chief Compliance Officer at 401-356-1400 or kworthley@wealthmanagers.com if you did not receive Wealth Management Resources, Inc.'s brochure or if you have any questions about the contents of this supplement.

Additional information about Kevin R. Worthley is available on the SEC's website at www.adviserinfo.sec.gov.

Item 2 Educational Background and Business Experience

KEVIN R. WORTHLEY

Year of Birth: 1961

Formal Education:

- B.A., University of Miami, Economics and Marine Science, 1983.
- Certificate in Financial Planning, Bryant College, Management, 2001.

Business Background for the Previous Five Years:

- Wealth Management Resources, Inc., Chief Compliance Officer, Executive Vice President, 07/2019 to Present.
- Wealth Management Resources, Inc., Executive Vice President, 01/2017 to 07/2019.
- Wealth Management Resources, Inc., Vice President, 01/2013 to 01/2017.
- The Retirement Planning Company of New England, Inc., 03/2001 to 01/2013.
- Ridgeway and Conger, Inc., 12/201 to 12/2011
- Cambridge Investment Research, 03/2001 to 12/2010

Certifications:

- Certified Financial Planner (CFP®), Certified Financial Planner Board of Standards, 2003.

The Certified Financial Planner™, CFP® and federally registered CFP (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education - Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination - Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- Experience - Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics - Agree to be bound by CFP Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education - Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and

- Ethics - Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Item 3 Disciplinary Information

Form ADV Part 2B requires disclosure of certain criminal or civil actions, administrative proceedings, and self-regulatory organization proceedings, as well as certain other proceedings related to suspension or revocation of a professional attainment, designation, or license. Mr. Kevin Worthley has no required disclosures under this item.

Item 4 Other Business Activities

Kevin Worthley is also a registered representative of our firm, in its capacity as a broker-dealer. Additionally, Mr. Worthley is licensed as an insurance agent of our firm as a licensed insurance producer. Commission-based compensation generated by Mr. Worthley in connection with the purchase and sale of securities, insurance products including variable annuities and 12b-1 fees for the sale of investment company products is paid to the Firm, as are advisory fees earned by Mr. Worthley in his capacity as an Investment Advisor Representative of the Firm. Mr. Worthley is compensated solely by salary plus a potential bonus determined by senior management for his productivity and work contributed to the Firm over the course of a past calendar year. Generally, commissions are paid to the Firm on mutual funds in accounts which are too small for an investment advisory relationship, or where the purchase of a mutual fund is warranted by additional services provided by the mutual fund provider, such as in the case of Simple Retirement Plans. We do apply our Code of Ethics that includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you regardless of the product or service recommended to you. Clients of the firm may have both advisory accounts and brokerage accounts; however, the Firm will not receive commission based compensation for securities purchased in an advisory account. Nevertheless, a conflict of interest exists since Mr. Worthley has a financial incentive to increase revenues to the firm in the form of commissions and other transaction based compensation in order to obtain the potential bonus determined by his productivity which includes, in part, his productivity as well as his other productive contributions to the Firm.

Please see the "Fees and Compensation" section in this Brochure for more information on the compensation received by insurance agents as well as our firm, as a licensed insurance producer.

Mr. Worthley is also a freelance commercial writer who is compensated for writing personal finance articles for local newspaper and media outlets.

Mr. Worthley spends approximately 10% of his time devoted to these other business activities.

Item 5 Additional Compensation

Refer to the *Other Business Activities* section above for disclosures on Mr. Worthley's receipt of additional compensation as a result of his other business activities.

Also, refer to the *Fees and Compensation, and Other Financial Industry Activities and Affiliations* section(s) of Wealth Management Resources, Inc.'s firm brochure for additional disclosures on this topic.

Item 6 Supervision

Arthur Everly, President, is responsible for supervising Mr. Worthley's advisory activities. As part of his supervisory responsibilities, Mr. Everly monitors Mr. Worthley's e-mail communications and reviews client accounts on a periodic basis. Mr. Everly can be reached at 401-356-1400 or aevery@wealthmanagers.com.
